INVITATION: Supporting the national pharmacovigilance system – Workshop on quality in adverse drug reaction reporting

Dear Doctor,

The Malta Medicines Authority would like to invite you to a short workshop on how to improve the quality of information submitted in adverse drug reaction (ADR) reports. A networking reception will follow. This event is being held in collaboration with the Malta College of Family Doctors (MCFD) and participation in these seminars is CPD accredited. MCFD members will be accredited 1 CPD point. This event is also being held in collaboration with the Gozo Medical Association (GMA) and participating GMA members will be accredited.

The objective of this short workshop is to improve the overall pharmacovigilance system in Malta and to further facilitate the rapid and scientific identification of post-marketing safety issues. Please find the agenda of the seminar and registration form. We invite you to indicate your preferred seminar date and provide your title, full name and email address. Please note that seminars in Malta are limited to 50 places and the seminar in Gozo is limited to 35 places. Please RSVP, by folding this letter address side up, stapling the ends then posting (no stamp required) or reply by email to postlicensing.medicinesauthority@gov.mt.

Agenda

19:30 to 20:00	Registration and coffee/ tea
20:00 to 21:00	Introduction to Malta Medicines Authority and quality in adverse drug reaction reporting
21:00 to 21:15	Questions and Answers Session
21:15 to 22:15	Networking Reception

Registration Form

Title (circle)	Name & Surname	Email Address
Dr. / Prof.		

Personal data will be used for the sole purpose of participation in this seminar. No personal data is shared with third parties.
