

Reference number	Product name	Dosage Form	Active Ingredient/s	Product Uses or Claims	Reason/Remarks	Date of Decision Letter
CC003/13h	<b>Decottopia Estratto 34 Articolazioni</b>	Liquid	Filipéndula ulmaria, Ribes nigrum, Uncaria tomentosa, Arnica montana, Harpagophytum procumbens, Salix alba, Arctostaphylos Uva Ursi, Betula pendula Roth, Asparagus officinalis	Functionality of the joints	Filipendula is a medicinal due to the content of salicylates (potential contraindications and interactions). Harpagophytum exceeds the 100 mg dose. Uva ursi in leaf form can be considered as non medicinal.	21-Jan-14
CC003/13i	<b>Decottopia Estratto 33 Biodefense</b>	Liquid	Ribes nigrum, Anemopaegma mirandum, Cynara scolymus, Echinacea angustifolia, Filipendula ulmaria, Salix alba, Harpagophytum procumbens, Ananas comosus, Equisetum arvense, Glycyrrhiza glabra	Natural defense of the organism. Functionality of respiratory pathways. Wellbeing of the nose and throat.	The Echinaceae content is more than 50mg. Filipendula is a medicinal due to the content of salicylates (potential contraindications and interactions). Harpagophytum exceeds the 100 mg dose.	21-Jan-14
CC003/13j	<b>Decottopia Estratto 28 Riducente</b>	Liquid	Gymnema sylvestre, Cinnamomum zeylanicum Blume, Foeniculum vulgare Miller, Gelidium amansii J.V. Lamouroux, Cynara scolymus, Ananas comosus, Amorphophallus konjac Koch., Pimpinella anisum, Cyamopsis tetragonolobus, Carica papaya, Echinacea angustifolia, Plantago psyllium, Malva sylvestris, Raphanus sativus, Gramigna agropyron	Carbohydrate and lipid metabolism. Control of appetite. Digestive function. Elimination of intestinal gases. Regulation of intestinal transit. Antioxidant. Drainage of body fluids.	The Echinaceae content is more than 50 mg. Gymnema exceeds the 400 mg dose.	21-Jan-14

CC003/13m	<b>Decottopia Estratto 21 Snellente</b>	Liquid	Ananas comosus, Equisetum arvense, Cyamopsis tetragonolobus Taub., Taraxacum officinale, Arctostaphylos uva ursi, Althaea officinalis, Anethum graveolens, Betula pendula Roth., Anthriscus cerefolium, Nasturtium officinale, Turnera diffusa, Eleutherococcus senticosus, Fraxinus excelsior, Artemisia glacialis, Juniperus communis, Ptychopetalum olacoides Benth., Ononis spinosa, Urtica dioica, Rosmarinus officinalis, Vite rossa	Drainage of body fluids. Functionality of microcirculation. Contrast to cellulite.	Uva ursi in leaf form can be considered as food supplement. But, products with Puama doses higher or equal to 140 mg may lead to testosterone-like effects. Should be administered under supervision.	21-Jan-14
CC003/13n	<b>Decottopia Estratto 17 Gonfiori</b>	Liquid	Cinchona succirubra, Glycyrrhiza glabra, Rheum palmatum var. Tanguticum Max, Gentiana lutea L., Cynara scolymus, Foeniculum vulgare Miller, Carum carvi L., Pimpinella anisum L., Anethum graveolens L., Peumus boldus Molina, Marrubium vulgare L., Turnera diffusa Willd., Ptychopetalum olacoides Benth., Hibiscus sabdariffa L.	Digestive function. Elimination of intestinal gas. Regulation of intestinal transit. Regulation of sweat production.	Particularly products with Puama doses higher or equal to 140 mg may lead to testosterone-like effects. Should be administered under supervision.	21-Jan-14
CC003/13o	<b>Decottopia Estratto 09 Sonno Sereno</b>	Liquid	Crataegus oxyacantha, Papaver rhoeas, Passiflora incarnate, Pimpinella anisum, Anthemis nobilis, Cynara scolymus, Gentiana lutea, Melissa officinalis, Nymphaea lotus, Tilia platyphyllos, Valeriana officinalis, Lavandula hybrida, Glycyrrhiza glabra, Melilotus officinalis	Relaxation, mental wellbeing and sleep. Antioxidant. Regularity of arterial pressure. Contrast to localised tension.	Valeriana extract is more than 40 mg and aerial parts of passion flower may be considered as food supplement, but in this case there is a combination, with potential side interactions. The synergistic effects of these two may cause interactions with other classes of drugs such as benzodiazepines, barbiturates, anticoagulants, and alcohol. Therefore, patient has to be monitored and dosage regimen adjusted according to the	21-Jan-14

					administered conventional medicines.	
<b>CC003/13p</b>	<b>Decottopia Estratto 10 Braccio di Ferro</b>	Liquid	Asparagus officinalis, Centaurium erythraea, Satureja Montana, Turnera diffusa, Helichrysum italicum, Gentiana lutea, Hyssopus officinalis, Melissa officinalis, Ptychopetalum olacoides Benth., Cola nitida Schott et Endl, Petroselinum crispum, Satureja hortensis, Lippia citriodora, Glycyrrhiza glabra	Digestive and purifying function.	Particularly products with Puama doses higher or equal to 140 mg may lead to testosterone-like effects. Should be administered under supervision.	21-Jan-14
<b>CC003/13q</b>	<b>Decottopia Estratto 07 Rilassante</b>	Liquid	Crataegus oxyacantha, Melissa officinalis, Tilia platyphyllos, Valeriana officinalis, Matricaria chamomilla, Melilotus officinalis, Passiflora incarnata, Menyanthes trifoliata, Pimpinella anisum, Lavandula hybrida, Glycyrrhiza glabra, Thymus serpyllum	Mental relaxation and wellbeing. Affects mood. Antioxidant.	Valeriana extract is more than 40 mg and aerial parts of passion flower may be considered as food supplement, but in this case there is a combination, with potential side interactions. The synergistic effects of these two may cause interactions with other classes of drugs such as benzodiazepines, barbiturates, anticoagulants, and alcohol. Therefore, patient has to be monitored and dosage regimen adjusted according to the administered conventional medicines.	21-Jan-14
<b>CC003/13r</b>	<b>Decottopia Estratto 11 Gambe in Forma</b>	Liquid	Aesculus hippocastanum, Cupressus sempervirens, Calendula officinalis, Crataegus oxyacantha, Vitis vinifera, Cynara scolymus, Pimpinella anisum, Hamamelis virginiana, Leonurus cardiaca, Filipendula ulmaria	Functionality of the microcirculation. Functionality of the skin.	Filipendula is a medicinal due to the content of salicylates (potential contraindications and interactions). Leonurus exhibits effects on the heart and therefore considered as a herbal medicine at all doses.	21-Jan-14

<b>CC003/13u</b>	<b>Decottopia Estratto 15 Delle Rose Rosa</b>	Liquid	Rosa canina, Viola tricolor, Papaver rhoeas, Rosmarinus officinalis, Satureja hortensis, Crataegus oxyacantha, Salvia officinalis, Tilia platyphyllos, Thymus serpyllum	Supporting and reconstituting function. Purification of the organism	Although the content of morphinan alkaloids may be very low compared to other Papaver species, aqueous extracts from the plant are sometimes used to treat morphine-related withdrawal. Therefore its use is restricted on this basis.	21-Jan-14
<b>CC012/13a</b>	<b>HCG Triumph</b>	Liquid	Human Chorionic Gonadotrophin (HCG) 12X, 30X, 60X, Arginine 12X, 30X, Glycine 12X, 30X, L-Carnitine 12X, 30X, Lysine 12X, 30X, Phenylalanine 12X, 30X, Ornithine 12X, 30X, Tyrosine 12X, 30X, Phosphorus 12X, Calcatea carbonica 12X, Ammonium Carbonica 30X	No medicinal claims	Homeopathic based on the method of preparation, quality and safety issues	29-Nov-13
<b>CC014/13</b>	<b>Nat-Lax TNT</b>	Capsules	Agrimony 50mg, Alfalfa 50mg, Cape Aloe 50mg, Cascara Sagrada 50mg, Cayenne 50mg, Garlic 50mg, Ginger 50mg, Senna Pods 50mg, Wild Yam 50mg	Colon cleanse support	High sennoside content, especially considering its recommended dose.	08-Oct-13
<b>CC017/13</b>	<b>Fatsorber</b>	Capsules	Vitamin C (ascorbic acid) 24.4mg, Chromium Picolinate 40mcg, Chitosan Powder 300mg, Garcinia Cambogia (60% HCA) 250mg, Bovine Gelatine Capsule 110mg, Conjugated Linoleic Acid (CLA) 100mg	No medicinal claims	Based on the quantity of HCA in the presentation	29-Nov-13
<b>CC019/13</b>	<b>Citri-Trim Plus</b>	Capsules	Citrin (Hydroxy citric acid) 750mg, Calcium phosphate 109.8mg, vegetable capsule, Magnesium stearate, Silica, Chromium picolinate 36mcg	No medicinal claims	Based on the quantity of HCA in the presentation	29-Nov-13

<b>CC022/13</b>	<b>Feetmed</b>	Gel	Aqua, glycerine, alcohol, urea, natilact, ammonium acryoldimethyl-taurate/vp copolymer, sodium levulinate, menthyl lactate, mentha piperita oil, lactic acid, sodium anisate, 4-terpineol and limonene.	To treat fungal infections of the foot (tinea pedis, athlete's foot). To prevent unpleasant foot odour.	The BCC is of the opinion that while the ingredients of the product as well as the mode of action are non-medicinal, the claim 'treatment of athlete's foot' is medicinal and should be removed from the label. Such a claim is misleading because the product contains no antifungal. The product is more preventive than curative.	09-Oct-13
<b>CC023/13</b>	<b>Dermaforte Eczema cream</b>	Cream	FerineXTM FerineXTM technology: based on an Oxygen donating complex	With DermaForte® Eczema cream various skin conditions can be treated. It can be used for red, damaged, sensitive and/or flaky skin caused by eczema and Neurodermatitis for example. DermaForte® Eczema cream reduces itching and soothes irritated skin.	based on the claims of treatment of skin conditions like eczema and psoriasis	09-Oct-13
<b>CC025/13</b>	<b>Cranmed</b>	Capsules	Cranberry extract 120mg (A type proanthocyanidins 36mg)	To prevent and treat of urine infections in the bladder (caused by E. coli); to prevent the recurrence of urinary tract infections; to use as adjunct therapy for the prevention and symptomatic treatment of urinary tract infections.	the BCC is of the opinion that the product is medicinal based on the claim to treat urinary tract infections. The efficacy of the product in treating such conditions is not proven.	09-Oct-13
<b>CC026/13</b>	<b>Optrex Clear</b>	Eye Drops	Hamamelis Water 12.5% v/v; Naphazoline Hydrochloride 0.01% w/v	To relieve redness and soothe irritation	Product is authorised as a medicine in Ireland.	12-Sep-13

<p><b>CC029/13</b></p>	<p><b>Hespidin</b></p>	<p>Tablets</p>	<p>Diosmin 450,0 mg, Hesperidin 50,0 mg, Horse chesnut (Aesculus hippocastanum) extract 200,0 mg cont.: 40,0 mg of aescin</p>	<p>Hespidin® contains three substances - diosmin, hesperidin and horse chestnut. Horse chestnut helps to support healthy veins, capillaries and maintains healthy blood circulation. Therefore it has beneficial effect on vascular structures in the anus area - hemorrhoids. Additionally, horse chestnut acts as an antioxidant. Diosmin and hesperidin are naturally occurring bioflavonoids extracted from citrus fruits. The extract is micronized into particles of microscopic size in order to absorb easily and quickly into the organism.</p>	<p>The product exerts a pharmacological function, satisfying the second limb of the definition of a medicinal product</p>	<p>29-Nov-13</p>
------------------------	------------------------	----------------	---	--	---	------------------

<p><b>CC003/14</b></p>	<p><b>Vidatox Plus</b></p>	<p>Tincture</p>	<p>Venom from the scorpion  Rhopalurus junceus  (Dynamization 30 CH) Sodium  114 ± 20 µg  Potassium 4.66 ±0.35 µg  Magnesium 4.120.28 µg  Zinc 11.18 ±0.7 µg  The active ingredient of the product is scorpion venom. Scorpion venom is an odorless, opalescent, non-homogeneous liquid where zones of higher turbidity and mucus may appear. It has a pH of 6-7 and contains lipids, carbohydrates, aminoacids, inorganic salts, low molecular weight organic molecules and a wide variety of proteins with molecular weights ranging from 3 to 90 kDa that constitute the principal component of the mixture. The different organic molecules and low molecular weight proteins contribute to the immunomodulating effect observed in these venoms, mediated by the activation of macrophages and the production of important cytokines.</p>	<p>Energized functional product whose primary source is venom of the Rhopalurus junceus scorpion, indicated for improving the general state of the organism, favourably influencing homeostasis and cell function, improving food conversion and immunoregulation.</p>	<p>This is a homeopathic medicine</p>	<p>01-Aug-14</p>
------------------------	----------------------------	-----------------	--	--	---------------------------------------	------------------

CC005/14	Californian Poppy	Capsules	<p>Powder of the aerial part of Californian poppy* (Eschscholzia californica Cham.).</p> <p>Capsule shell of plant origin: hydroxypropyl methyl cellulose.</p> <p>*Obtained by freeze-grinding of the aerial parts of Californian poppy containing total alkaloids: 0.3-1.2% (expressed in californidine). Contains no added starch, colouring agents, flavours or yeast. Californian poppy powder 300mg per capsule</p>	"L'Escolzia favorisce il rilassamento e il sonno in caso di stress."	Aerial parts of Eschscholzia californica Cham. (Californian Poppy) causes a possible interaction at benzodiazepine receptors (pharmacological action) and has no food use.	03-Jun-14
CC007/14	Fatsorber Ultra	capsules	<p>Each capsule provides: Chromium Picolinate 100mcg</p> <p>Also provides: Garcinia Cambogia Ext (60% HCA) 200mg Vegetable Cellulose Capsule 125mg Glucomannan Powder (90%) 100mg Green Coffee Extract 20:1 75mg (equivalent to 1500mg green coffee powder) Kidney Bean Extract 4:1 50mg (equivalent to 200mg kidney bean powder) Conjugated Linoleic Acid Pwd (CLA) 20mg Cinnamon Extract 30:1 13.3mg (equivalent to 400mg cinnamon powder)</p> <p>Other ingredients: Microcrystalline Cellulose</p>	Body lean	High content of Garcinia cambogia	30-Sep-14
CC013/14	Forza Garcinia	Capsules	Garcinia cambogia 500mg, Calcium 50mg, Potassium 50mg, Chromium 80mcg	No medicinal claims	High content of Garcinia cambogia	30-Sep-14

<p><b>CC015/14</b></p>	<p><b>Contudol gel</b></p>	<p>Gel for topical use</p>	<p>Arnica montana flower extract, Menthol, Aesculus hippocastanum seed extract, Ananas sativus stem extract, Chamomilla recutita flower extract, Mentha arvensis leaf oil, Cymbopogon nardus herb oil, Melissa officinalis leaf oil, Carbomer, Maltodextrin, Sodium hydroxyde, Eugenia caryophyllus bud oil, Phytic acid, Benzyl alcohol, Dehydroacetic acid, Caramel, Limonene, Linalool, Citral, Citronellol, Eugenol, Farnesol, Geraniol.</p>	<p>Anti-inflammatory, anti-oedema, assist the analgesic action</p>	<p>Due to claims: eg "relief of pain"</p>	<p>04-Jun-14</p>
<p><b>CC016/14</b></p>	<p><b>Artidol gel</b></p>	<p>Gel for topical use</p>	<p>Water, Polysorbate-20, Maltodextrin, Harpagophytum procumbens root extract, Salix alba bark extract, Arnica montana flower extract, meadowseet extract, Boswellia serrata gum extract, eucalyptus globulus leaf oil, Zingiber officinalis root oil, Capsicum annuum fruit extract, Rosmarinus officinalis leaf oil, Cinnamomum zeylanicum leaf oil, Carbomer, Phytic acid, Sodium hydroxide, Benzyl alcohol, Dehydroacetic acid, Benzyl benzoate, Cinnamal, Limonene, Eugenol, Citral, Farnesol, Citronellol, Geraniol, Linalool.</p>	<p>Relief of joint pain and muscle soreness</p>	<p>Due to claims: eg "anti-inflammatory"</p>	<p>04-Jun-14</p>
<p><b>CC019/14</b></p>	<p><b>Magnesium chloride</b></p>	<p>Gel</p>	<p>Magnesium chloride 300mg/g</p>	<p>The pack says it helps the skin stay younger, increases hydration and helps alleviate inflammation. It also says it alleviates symptoms of eczema, osteoporosis, asthma, hypertension, arrhythmia and diabetes. It claims magnesium may be effective in preventing</p>	<p>The product information has numerous medicinal claims and it is presented as a treatment for disease conditions.</p>	<p>30-May-14</p>

				kidney and urinary stones and aids fighting infections.		
<b>CC020/14a</b>	<b>Imada Red Flower Oil</b>	Topical preparations	Imada: Methyl Salicylate, Cinnamon Leaf Oil, Clove Oil, Citronella Oil, Sanguis Dracoins, Flos Carthami	Relief of minor aches, muscle pains, joints, sprains, rheumatism, burns and cuts, swelling limbs, insects bites, stomach-ache, all kinds of joint pains, headache, stuffy nose, itchiness, flatulence	High concentration of methyl salicylate	09-Jul-14

<b>CC021/14a</b>	<b>Formafit Garcinia Cambogia</b>	Capsules	Garcinia cambogia extract 1000mg per two capsules (60% or 600mg HCA)	No specific medicinal claims	High concentration of Garcinia cambogia (HCA)	26-Sep-14
<b>CC023/14</b>	<b>Pharmaton Vitality Capsules</b>	Capsules	Panax ginseng extract G115 (40mg per capsule), a number of Vitamins (including Vitamin A, folic acid and iron) and minerals	Enhance mental and physical performance. Contraindicated in Children, pregnancy and lactation,	Medicinal product in the UK.	N/A

				kidney problems. PL 00015/0250 GSL in the UK.		
<b>CC024/14</b>	<b>Maalox RefluRAPID</b>	Oral suspension	Sodium alginate, Bicarbonate of Soda, Sodium Carbonate, Calcium carbonate	Blocks reflux and reduces burning sensation. Maalox Reflusso has a mechanical action. The formulation performs three actions - blocks acid reflux, reduces the burning sensation and protects the oesophageal mucosa. The product is indicated for the treatment of gastro-oesophageal reflux in order to reduce the symptoms related to it, namely, the burning sensation, heartburn in pregnancy, reflux oesophagitis, acid regurgitation, bad digestion, cough and laryngopharyngeal inflammation. Mode of action - when in contact with stomach acid, sodium alginate reacts to form a gel while the carbonates release carbon dioxide, allowing the gel to float thus forming a 'stopper' that prevents gastric acid from going into the oesophagus. The presence of bicarbonate reduces the hyperactivity of the stomach.	This is a medicinal product due to its intention to treat a medical indication.	28-Oct-14

<b>CC032/14d</b>	<b>Hepatocol Tea</b>	Tea Bag	Boldo leaves 9g (450mg), milk thistle fruit, celandine, chicory root, mint, St. John's Wort 1.5g (75mg), calendula flowers, melilot	Tea from medicinal plants, antispasmodic, anti-inflammatory	Medicinal claims	29-Jan-15
