CAUTION IN USE NOTIFICATION

To: Pharmacists

**Supply of Easofen for Children Six Plus Strawberry 200mg/5ml Oral Suspension
(Ibuprofen)– PA0126/060/004, Batch/LOT 05204, Expiry date: 12/2023**

I am writing to you on behalf of the MAH Clonmel in connection with the supply of the above referenced product Easofen for Children Six Plus Strawberry 200mg/5ml Oral Suspension. The patient information leaflet in the packs for this batch does not contain the latest approved safety information, the following information is not included in the patient information leaflet supplied with these packs:

Under section 2. WHAT YOU NEED TO KNOW BEFORE YOU USE EASOFEN ORAL SUSPENSION

Warnings and precautions

Infections

Easofen for children may hide signs of infections such as fever and pain. It is therefore possible that Easofen for children may delay appropriate treatment of infection, which may lead to an increased risk of complications. This has been observed in pneumonia caused by bacteria and bacterial skin infections related to chickenpox. If you take this medicine while you have an infection and your symptoms of the infection persist or worsen, consult a doctor without delay.

Under 3. HOW TO USE EASOFEN ORAL SUSPENSION

Duration of treatment

The lowest effective dose should be used for the shortest duration necessary to relieve symptoms. If you have an infection, consult a doctor without delay if symptoms (such as fever and pain) persist or worsen (see section 2).

Under section 4. POSSIBLE SIDE EFFECTS

Not known: frequency cannot be estimated from the available data

- skin becomes sensitive to light

Please ensure all relevant staff are made aware of the content of this letter and that the information is communicated to the patients.
