Dear Valued Customer,

Alcon has initiated a Voluntary Field Safety Corrective Action for specific lots of DAILIES TOTAL1® contact lenses. We identified an isolated quality issue with a material supplied by a third-party vendor that was used in the production of these specific contact lens lots at a single manufacturing site. As a result, the identified contact lens lots may not meet Alcon quality and/or performance standards for the entirety of their labeled shelf life.

The contact lenses from the identified lots are not expected to cause an increased risk to the wearer. As with any contact lens, there is a remote likelihood that wearing a lens from the identified lots may lead to temporary issues such as irritation, redness, or blurred vision. These symptoms typically resolve after lens removal and/or replacement (as directed in the patient leaflet).

We ask that you stop any further distribution of contact lenses from the identified lots and request that you contact any eye care practitioners, patients, or others to whom you have distributed the identified lots.

Alcon is committed to delivering outstanding product quality and customer service, and we regret the inconvenience caused by this action.

Sincerely,

Janica Cachia

Class Optical Limited

Alcon representative

According to our records, the following contact lens lots have been shipped to your firm and are affected by this Field Safety Corrective Action :

Table 1: Affected contact lens lots shipped to your firm	
Product description	Affected lot(s)
DAILIES TOTAL 1 5T 850 141 -01.50	N1275795

DLY TOTAL 1 MFOCAL 5T 850 141 -04.00 H	N1276223
DAILIES TOTAL 1 90P 850 141 -03.25	N1276272
DLY TTL1 ASTG 30P 860 145 +01.50 125 180	N1276473
DAILIES TOTAL 1 90P 850 141 -01.50	N1276790
DAILIES TOTAL 1 90P 850 141 -04.25	N1277293

## Actions to take

Alcon asks that you stop distribution of the identified lots of DAILIES TOTAL1® and return any remaining product from the identified lots which may remain in your inventory.

To execute this medical device Field Safety Corrective Action , please take the following steps:

1. Stop any further distribution of product from the identified lots.
2. Review your inventory to determine if you have any product from the identified lots within your facility. See **Table 1** for affected DAILIES TOTAL1® lots that have been shipped to your firm.
3. Return any product from the identified lots which remains at your facility. If immediate Return is not feasible, ensure the identified lots are segregated from other products until return can be completed.
4. Fill out the attached 'Response Form', **even if you have zero (0) units remaining in inventory** and return the form to Class optical using the contact information provided on the form.
5. Forward this notification to others within your organization who may be in possession of product from the identified lots.
6. Contact other organizations, eye care providers and/or individuals to whom you have transferred or distributed the identified lots to advise them of this Voluntary Medical Device Field Safety Corrective Action and request they dispose of contact lenses from the identified lots. For your convenience, a Voluntary Medical Device Field Safety

Corrective Action notification template is attached for your use in communicating this issue to your customers.
